**Half year press release  
2025  
Ctac N.V.**

# Ctac Group

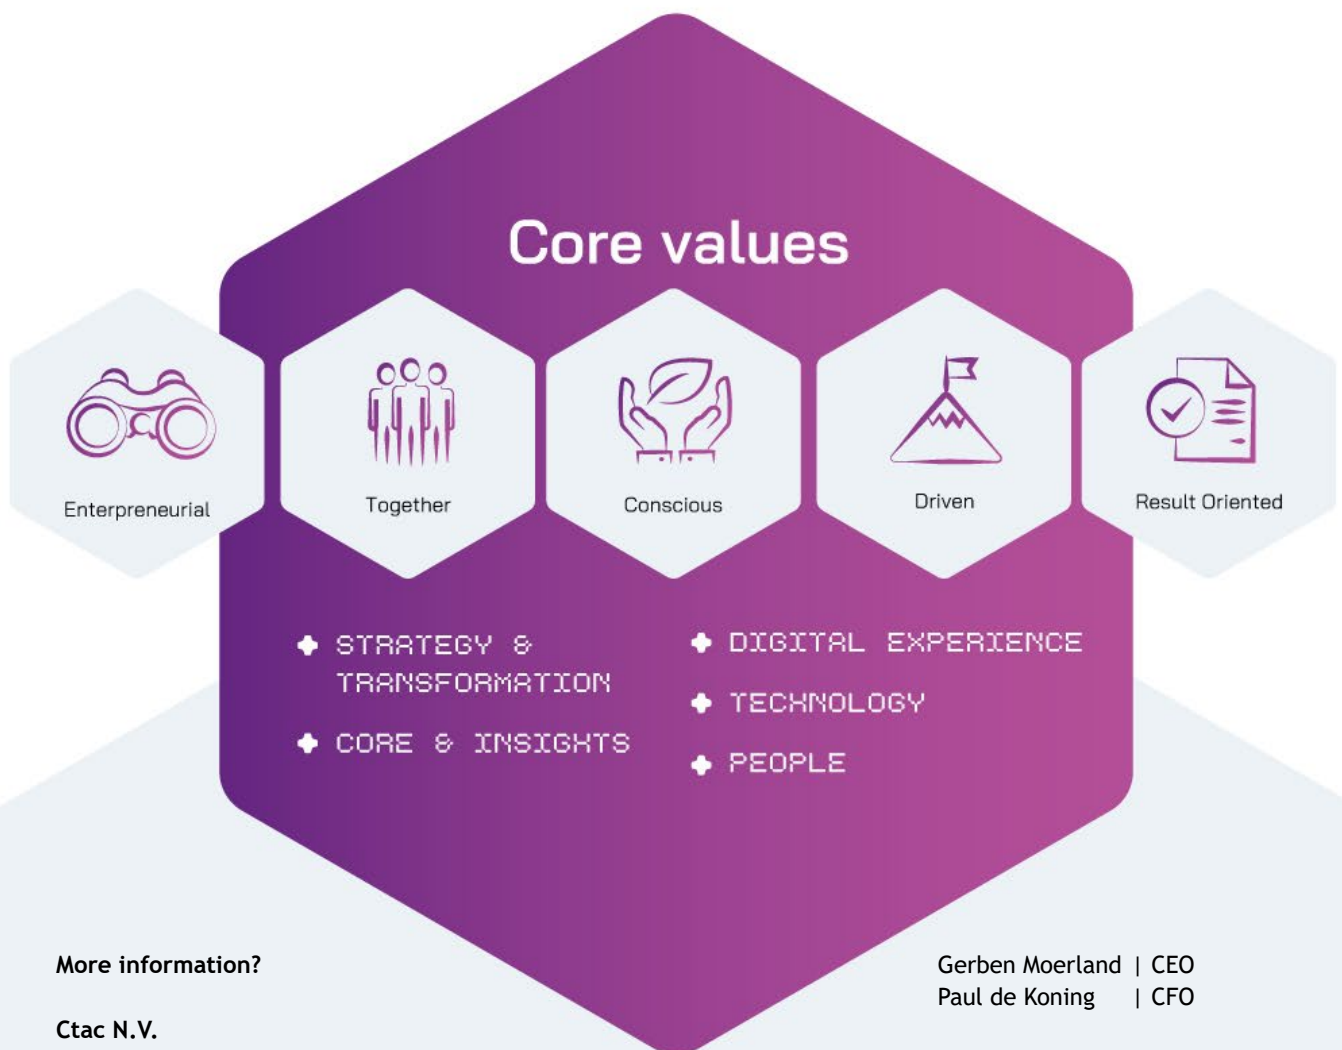

Ctac Group consists of IT companies that turn ambitions into reality for organisations seeking smart IT deployment. By continuously innovating, Ctac Group delivers the necessary business value. We achieve this with strong companies like Ctac, Digimij, Oliver IT, Purple Square, and Technology2Enjoy, operating in fields such as strategy & transformation, core & insights, digital experience, technology, and people. Each company brings its own expertise, including NEXT, change management, IT coordination, ERP, data services, integration, development, products, cloud infrastructure, modern work, security, and resourcing, making our group powerful.

Ctac Group offers a broad portfolio of solutions from SAP and Microsoft 'on any cloud' and has several proprietary products, including the XV

Retail Suite, an omnichannel-driven Point-of-Sale & Loyalty Platform.

In 2025, Ctac Group will celebrate its 33rd anniversary. Over this period, we have gained extensive experience and deep knowledge in the retail, wholesale, manufacturing, professional services, and public sectors. In 2024, Ctac Group recorded revenue of approximately € 124 million with an average of 441 FTEs and 200 professional temps.

Ctac Group boasts a well-balanced workforce in terms of age, knowledge, and experience. Collaboration to achieve common goals is paramount. Ctac Group is listed on Euronext Amsterdam (ticker: CTAC) and has offices in the Netherlands and Belgium.

# Ctac records higher revenue and profit

's-Hertogenbosch, 25 July 2025 - Business & Cloud Integrator Ctac N.V. (Ctac) (Euronext Amsterdam: CTAC) today issues its first half press release, consisting of the interim report and the consolidated interim financial statement for 2025.

## HIGHLIGHTS FIRST HALF OF 2025

- Revenue rises to € 62.8 million driven by higher revenue from Cloud services
- EBITDA rises by 7.0% to € 4.6 million compared with H1 2024
- Net profit of € 1.4 million
- Operating cash flow comes in at a negative € 9.0 million and the net cash position stands at a negative € 3.4 million

## HIGHLIGHTS SECOND QUARTER OF 2025

- Revenue comes in at € 31.3 million, the same as in Q2 2024
- EBITDA falls slightly compared with Q2 2024, down 4.2% at € 2.3 million
- Net profit comes in at € 0.7 million

## OUTLOOK FOR FULL-YEAR 2025

- Ctac reiterates its outlook for 2025, with a focus on improving profitability

### Key figures

€ mln (unless stated otherwise)

	H1 2025	H1 2024	Delta	Q2 2025	Q2 2024	Delta
Revenue	62.8	61.9	1.5%	31.3	31.3	0.0%
EBITDA	4.6	4.3	7.0%	2.3	2.4	-4.2%
EBIT	2.0	1.9	5.3%	1.0	1.2	-16.7%
Net profit	1.4	1.2	16.7%	0.7	0.8	-12.5%
Operating cash flow	-9.0	-1.0	n/a			
Net cash (at end-period)	-3.4	2.4	n/a			

# Gerben Moerland, Chief Executive Officer of Ctac Group:

“

We started the second quarter with a significant milestone. On 1 April, our completely revamped technical backbone went live, a moment we had been working towards intensively. We are proud that we managed to tackle everything in one go. This lays a solid foundation for continued growth and the improvement of our operating processes.

In operational terms, we performed steadily and managed to slightly improve revenue and profit in the first half of the year, despite difficult market conditions. In line with our stated objective, profitability remained stable thanks to cost controls and the targeted deployment of our people.

The uncertainty surrounding import duties is clearly affecting the market and is leading to the postponement of investment decisions. Interest in autonomous or specifically European cloud solutions persists. This is slowing down the move to hyperscalers and the outflow from our data centres. Our order pipeline is well filled and conversion is improving. This is partly the result of our increased focus on entrepreneurship. Thanks to the fact that we are giving teams more room to take the initiative and collaborate, we are seeing a clear increase in cross-selling.

We are deepening our propositions and developing fixed packages: standardised solutions for each market segment. This enables us to provide more targeted support to clients with solutions for sector-specific challenges. This distinctive approach ensures more effective implementation processes and greater client satisfaction. Thanks to our long-standing partnership with both SAP and Microsoft, we are uniquely positioned to connect both worlds with our own AI expertise. We are actively sharing our knowledge of artificial intelligence, for example in an AI Summer School for Kids which we are organising this summer, to familiarise children with the possibilities of the technology, in collaboration with Jheronimus Academy of Data Science and Microsoft DreamSpace.

For the rest of the year, we expect to continue on the same course. Although the macroeconomic conditions are challenging, our solid order book gives us confidence in stable revenue development and continued profitability.

”

**Gerben Moerland**

Chief Executive Officer  
Ctac N.V.

# Group performance

## Revenue per service

€ mln (unless stated otherwise)

	H1 2025	H1 2024	Delta
Projects and secondment	35.1	35.6	-1.4%
Cloud services	25.9	25.3	2.4%
Licence and hardware sales	1.8	1.0	80.0%
<b>Total revenue from contracts with customers</b>	<b>62.8</b>	<b>61.9</b>	<b>1.5%</b>
Other income	0.0	0.3	n/a

The 1.5% growth in revenue from contracts in the first half of 2025 was largely related to the increased revenue from Cloud services and Licence and hardware sales. Revenue from Cloud services rose by 2.4%, driven by an increase in cloud-based licences and the indexation of rates. The 1.4% decline in revenue from Projects and secondment was primarily due to a challenging market in which clients are taking a more critical look at their flexible workforce. Revenue from Licence and hardware sales increased due to the sale of additional licences. Other income in 2024 included revenue used for the execution of ongoing implementation projects at Technology2Enjoy.

## Staff

FTEs (unless stated otherwise)

	H1 2025	H1 2024	Delta
<b>End-June</b>			
Direct	331	352	-6.0%
Indirect	101	93	8.6%
<b>Total</b>	<b>432</b>	<b>445</b>	<b>-2.9%</b>
<b>Average</b>			
Direct	334	354	-5.6%
Indirect	99	92	7.6%
<b>Total</b>	<b>433</b>	<b>446</b>	<b>-2.9%</b>
<b>Professional temporary staff (direct)</b>	<b>184</b>	<b>196</b>	<b>-6.1%</b>

\*) Correction of the calculation of direct professional temporary staff (H1 2024: 209)

The decline in the number of direct temporary staff was due to the flexible workforce moving in line with revenue from Projects and secondment. At the same time, investments in our sales and marketing organisation in particular led to an 8.6% increase in the number of indirect employees.

Revenue per employee (based on the average number of direct FTEs, including professional temporary staff) rose to € 121,200 in the first half of 2025, compared to € 112,500 in the first half of 2024.

### EBITDA and EBIT

€ mln (unless stated otherwise)	H1 2025	H1 2024	Delta
<b>EBITDA</b>	<b>4.6</b>	<b>4.3</b>	<b>7.0%</b>
<i>Margin</i>	<i>7.3%</i>	<i>6.9%</i>	<i>0.4%</i>
<b>Depreciation and amortisation</b>	<b>2.6</b>	<b>2.4</b>	<b>8.3%</b>
<b>EBIT</b>	<b>2.0</b>	<b>1.9</b>	<b>5.3%</b>
<i>Margin</i>	<i>3.2%</i>	<i>3.1%</i>	<i>0.1%</i>

EBITDA rose by 7.0% to € 4.6 million. Profitability in the first half of 2025 increased compared with the first half of 2024 due to optimised capacity utilisation and additional revenue from licence sales.

## Net profit

### Net profit

€ mln (unless stated otherwise)	H1 2025	H1 2024	Delta
<b>Financial expenses (net)</b>	<b>-0.2</b>	<b>-0.2</b>	<b>0.0%</b>
<b>Taxes</b>	<b>-0.4</b>	<b>-0.5</b>	<b>-20.0%</b>
<b>Net profit</b>	<b>1.4</b>	<b>1.2</b>	<b>16.7%</b>
<b>Earnings per share (in €)</b>	<b>0.10</b>	<b>0.09</b>	<b>11.1%</b>

The tax rate fell to 23.0% (2024: 27.5%). Net profit rose to € 1.4 million, corresponding to earnings per share of € 0.10 (H1 2024: € 0.09).

The total number of outstanding ordinary shares at the end of H1 2025 stood at 14,149,023, which was the same as the number of shares at the end of H1 2024.

# Financial strength

€ mln (unless stated otherwise)	H1 2025	H1 2024	Delta
Operating cash flow	-9.0	-1.0	n/a
Net cash (at end-June)	-3.4	2.4	n/a
Headroom*	6.6	12.4	-46.8%

\*) The headroom is calculated on the basis of the balance of cash and cash equivalents plus the unused portion of the current credit facilities.

The operating cash flow in the first half of 2025 came in at a negative € 9.0 million. This decline was due to the temporary increase in current receivables in the first half of 2025.

At the end of June 2025, Ctac's net cash position stood at a negative € 3.4 million. The current credit facility amounted to € 10.0 million at the end of June 2025, resulting in a headroom of € 6.6 million. Ctac's liquidity and capital position are healthy and provide a good position for continued growth.

## Balance sheet

When compared with year-end 2024, intangible fixed assets had declined by € 0.4 million to € 26.5 million at the end of June 2025, as a result of regular depreciation and capitalised amounts for the replacement of the service management system and the implementation of the public cloud ERP system.

Trade receivables and other receivables had increased by approximately € 7.2 million to € 30.9 million at the end of June 2025, primarily due to higher prepaid expenses and a higher position of revenue and receivables still to be invoiced.

Equity declined to € 30.7 million (year-end 2024: € 30.9 million) as a result of the dividend payment. Solvency had improved to 43.0% at the end of June 2025 (year-end 2024: 41.7%) due to a reduction in the balance sheet.

Short-term and long-term lease obligations fell to € 8.0 million (end of 2024: € 8.8 million). Short-term liabilities to credit institutions are related to the amount Ctac has utilised from its credit facility.

When compared with year-end 2024, trade creditors and other liabilities had fallen by € 5.0 million to € 25.8 million at the end of June 2025, primarily due to the payment of holiday pay and bonuses.

## Outlook

With respect to Value8's announced mandatory bid for the shares in Ctac, we are following a careful and transparent process and will inform shareholders in a timely manner when there is a reason to do so. As part of the bidding process, an external review of the interim financial statements of the first half of 2025 by the auditor is required. This process takes time and is still ongoing. These interim financial statements are therefore subject to the results of this review. The Board of Directors will communicate its position on the mandatory bid to shareholders after the bid has been announced by Value8 and after the Board of Directors has studied the bid document. Until that time, we will not comment on the announced mandatory bid.

Given the improved pipeline of leads gained in the first six months of 2025, we will focus on converting the pipeline into concrete orders in the second half of the year. We are monitoring the uncertain macroeconomic conditions and focusing on improving revenue from Projects and secondment and protecting our profitability.

## Other

Ctac N.V.'s country of origin for the purposes of the European Union Transparency Directive (Directive 2004/109/EC, as amended) is the Netherlands.

# Addendum

Taxes	-	-
	<b>34,132</b>	<b>33,439</b>
	<b>71,508</b>	<b>71,960</b>

**Note to the balance sheet**

When compared with year-end 2024, intangible fixed assets had declined by € 0.4 million to € 26.5 million at year-end June 2025, as a result of regular depreciation and capitalised amounts for the replacement of the service management system and the implementation of the public cloud ERP system.

Trade receivables and other receivables had increased by approximately € 7.2 million to € 30.9 million at the end of June 2025, primarily due to higher prepaid expenses and a higher position of revenue and receivables still to be invoiced.

Equity declined to € 30.7 million (year-end 2024: € 30.9 million) as a result of the dividend payment. Solvency had improved to 43.0% at the end of June 2025 (year-end 2024: 41.7%) due to a reduction in the balance sheet.

Short-term and long-term lease liabilities fell to € 8.0 million (end of 2024: € 8.8 million). Short-term liabilities to credit institutions are related to the amount Ctac utilised from its credit facility.

When compared with year-end 2024, trade creditors and other liabilities fell by € 5.0 million to € 25.8 million at the end of June 2025, due to lower balance sheet positions, largely due to the payment of holiday pay and bonuses.

**Note to the statement of cash flows**

The net cash flow for the first half of 2025 came in at a negative € 12.9 million. The first half of 2025 saw the following developments:

- Operating cash flow came in at a negative € 9.0 million (H1 2024: a negative € 1.0 million). This decline was largely due to the temporary increase in current receivables and accounts receivable in the first half of 2025.
- Cash flow from investment activities is related firstly to investments in the replacement of our service management system and the implementation of a public cloud ERP system. Secondly, it is related to investments in laptops and hardware for datacenters.
- Cash flow from financing activities consists of dividends paid to shareholders of Ctac N.V. for the 2024 financial year and regular lease payments.

# Note to the consolidated interim financial statements

## General information on Ctac

Ctac N.V. is a public limited company, incorporated and with its registered office in the Netherlands, with its head office and registered seat at Meerendonkweg 11, 5216 TZ 's-Hertogenbosch. The condensed consolidated interim financial statements include the company and all its subsidiaries (together referred to as 'Ctac').

The financial year of the group is the same as the calendar year. The condensed consolidated interim financial statements for the first six months ending on 30 June 2025 were approved by both the Board of Directors and the Supervisory Board on 23 July 2025.

## Statement of compliance in accordance with IAS 34

The condensed consolidated interim financial statements for the first six months ending on 30 June 2025 have been prepared in accordance with IAS 34 Interim Financial Reporting and do not contain all the information and disclosures required for the preparation of the full annual financial statements. The condensed consolidated interim financial statements should therefore be read in conjunction with the consolidated annual financial statements for 2024, which were prepared in accordance with IFRS as adopted by the European Union.

Ctac's condensed consolidated interim financial statements have been prepared in Dutch and English, with the Dutch version taking precedence.

## Accounting policies applied (condensed)

For an explanation of the accounting policies, the determination of the results and the statement of cash flows, we refer to the consolidated financial statements for 2024. The consolidated financial statements for 2024 were prepared in accordance with International Financial Reporting Standards (IFRS) and the interpretations thereof as adopted by the International Accounting Standards Board (IASB) as accepted for use within the European Union and the provisions of Part 9 of Book 2 of the Dutch Civil Code.

The same accounting policies have been applied to this interim report, with the exception of the new accounting policies, amendments in accounting policies and interpretations of same that have been adopted and are relevant to Ctac. The accounting policies have been applied consistently by all subsidiaries for all periods presented in these condensed consolidated interim financial statements.

The condensed consolidated interim financial statements are presented in euros. Amounts are stated in thousands of euros, unless stated otherwise.

## Standards, amendments and interpretations

Insofar as applicable, the Group has applied all published IFRS standards, amendments and interpretations effective as of 1 January 2025. Ctac has not opted for the early adoption of any published standards, amendments or interpretations that are not yet effective. Various amendments and interpretations are required with effect from 2025, but have no impact on the condensed consolidated interim financial statements. These condensed interim financial statements have not been audited or subjected to an auditor's review.

## Estimates

The preparation of the condensed consolidated half-year financial statements in accordance with IFRS regulations requires the Board of Directors to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses. The estimates and assumptions made are based on historical experience and various other factors that are considered reasonable in the circumstances. The estimates and assumptions made have served as the basis for the assessment of the value of the assets and liabilities reported. However, actual results and circumstances may differ from the estimates made.

For an overview of the most important estimates and assumptions, please see the section on significant estimates and assumptions in the consolidated financial statements for 2024. The risk relating to the put/call agreements is no longer a significant estimate as at June 2025, as the remaining minority interests were acquired in the first half of 2025. With regard to the other risks, in the first half of 2025 there were no significant changes in the estimates disclosed in the 2024 financial statements.

### Impairment test

Ctac performs an impairment test once a year. The results recorded in the first half of the year and the outlook for the second half of the year do not currently give any reason to assume the presence of an impairment trigger.

### Risk profile

The most relevant risks and mitigating measures are described in the 2024 Annual Report. Ctac makes a distinction between strategic, financial, cyber and operating risks and control measures. Ctac has evaluated the identified risks and determined that they are still applicable.

### Segmented reporting

In the annual report 2024 segmented information is included. Ctac has reevaluated the segments and determined that the segments remain unchanged.

### Revenue from contracts

The following explanation is provided with respect to the revenue from contracts with customers recognised by Ctac.

#### Nature of the contracts (supplies or services)

(in € x mln)

	H1 2025	H1 2024
Projects and secondment	35.1	35.6
Cloud services	25.9	25.3
Licence and hardware sales	1.8	1.0
<b>Total revenue from client contracts</b>	<b>62.8</b>	<b>61.9</b>

#### Timing of revenue accountability

(in € x mln)

	H1 2025	H1 2024
Goods transferred 'at a point in time'	1.8	1.0
Services provided 'over time'	61.0	60.8
<b>Total revenue from client contracts</b>	<b>62.8</b>	<b>61.9</b>

### Financing facility

Ctac has a centralised cash management system. For this purpose, the company uses a centrally managed committed credit facility with ABN AMRO Bank in the Netherlands, with a total agreed amount of € 10.0 million. The term of the credit facility is four years (ending December 2027) with an option to extend for one year.

The covenant within the credit facility is based on a total net debt/EBITDA ratio. The ratio may not exceed 2.5 and at end-June 2025 this stood at 0. Total net debt is defined as all interest-bearing bank borrowings, less immediately available cash and cash equivalents. EBITDA refers to the result before depreciation and impairments on tangible and intangible assets, interest and other financing income and expenses, results from participating interests, taxes and minority interests. Ctac complies with the required ratio.

With regard to the short-term interest-bearing bank borrowings, i.e. the credit facility, Ctac is required to pay a variable base interest rate. The interest consists of the one-month average Euribor plus a market surcharge on the Euribor and a fixed surcharge. In the credit agreement, this fixed surcharge is set at 1.20%. The bank has the option to change this surcharge on a quarterly basis. No such change has been made.

### Related parties

Ctac N.V.'s related parties consist of the group companies, the members of the Supervisory Board, the members of the Board of Directors, the minority shareholders and the major shareholders. The most important transactions with related parties relate to the remuneration of the Board of Directors and the Supervisory Board. The remuneration of the Board of Directors is based on the remuneration policy. The members of the Supervisory Board receive a fixed annual remuneration.

### Seasonal influences

Ctac's revenue and profits are subject to limited seasonal influences. These seasonal influences are primarily related to the lower number of working days in the first half of the year compared with the second half.

### Off-balance sheet liabilities

The nature and scope of the liabilities not shown in the balance sheet as at 30 June 2025 have not changed significantly from those stated in the consolidated financial statements for the 2024 financial year.

### Events after the reporting date

There have been no events after 30 June 2025 that have a material impact on the condensed consolidated interim financial statements.

## Press release

### Management statement

In accordance with Section 5:25d(2)(c) of the Financial Supervision Act, the Board of Directors states that, to the best of its knowledge:

- The condensed consolidated interim financial statements give a true and fair view of the assets, liabilities and financial position as at 30 June 2025 and the results for the first six months of 2025 of Ctac N.V. and the companies included in the consolidation, and;
- The interim report of the Board of Directors on the first six months of 2025 provides a true and fair view of the information required pursuant to Section 5:25d(8) and, where applicable, (9) of the Financial Supervision Act.

's-Hertogenbosch, 25 July 2025

Gerben Moerland, CEO  
Paul de Koning, CFO

### Disclaimer

This press release contains statements that provide forecasts of future results for Ctac N.V. and expresses certain intentions, objectives and ambitions on the basis of current insights. Such forecasts are, of course, not free of risks and, in view of the fact that there is no certainty about future circumstances, there is a certain degree of uncertainty.

There is a multitude of factors that may underlie the fact that the actual results and forecasts may differ from those described in this document. Such factors may include: general economic and technical developments, scarcity in the labour market, the pace of internationalisation of the market for IT solutions and consulting activities as well as future acquisitions and/or divestments.
